

Garden quest – Save our pollinators!

Our pollinators are in trouble – but we can help them by becoming bug-friendly gardeners!

Follow the map to collect all 6 of the bug-friendly gardening tips and then make your own pollinator promise. At each station you can look at additional information online by scanning a QR code on the back of the sign (ask us for help).

Return your completed quest sheet to us and you will be entered in a draw for a quest prize.

Write down each tip below (or draw it – ask for a blank sheet of paper)
